Dedication And Appreciation

This year we the seniors would like to thank this lady in a special way. She has enriched our lives in many ways. Always there when we needed a friend, ready to lend a hand. No matter how busy, she takes time to listen to our problems. That is why we the Class of 1986 have dedicated our yearbook to Mrs. Rosanne Morgan with our special thanks.

- Michelle,

I have so many things running through my head. That I don't know where to start. How do I say "thank you" for the wonderful memories we have shared? And the years we have grown so close. Now, I know that you are much more than just a cousin, you are also my friend, my best friend.

There isn't another person on earth (well maybe 2 other) that can make me laugh at the oldest things. I feel very fortunate in knowing you know that at any time, any given moment, if I said "Michele,

Dr. Lawrie

Our best wishes to the Class of 1986!
Education, you must remember, is a life long learning process. Although you have graduated, you have learned only the basics. In order for you to be successful and happy throughout your life, you must continue to learn.

Whether you pursue some additional schooling, the military or a job, you will be faced with continuing to learn. Additionally, in our fast paced society, you will have to continue to learn and to adjust in order to enjoy a rich and successful life.
Best Wishes,
Dr. Jack D. Lawrie Superintendant

Mr. Jannone

My congratulations to each member of this fine graduating class. I hope that you will persistently follow a course in life that you know is honest and true, and that these studies which you have just completed will have even greater meaning in the years ahead.

Good luck to each of you
Robert A. Jannone, Principal

Mr. Arnold

My best wishes go with you as you leave this building to enter the outside world. Know that we have enjoyed having you here I hope that you will return periodically.

We have given you the foundation on which to grow. We know that you will build on this as you enter your adult life. It has been a nice experience for me to have known you. I hope your future will be exciting.

James Arnold, Vice-Principal

Mr. McNaul

Mr. Jiang Guoqing
Foreign Exchange Teacher

Hello everyone, I am an AFS exchange teacher from the People's Republic of China. My name is Jiang Guoqing. Unlike the American, Jiang is my Family name which we place at first. I am a teacher of English in a Chinese middle. The purpose that I come here is to improve my English language skills, learn some teaching techniques, get some ideas about the American people and the life in U.S. Meanwhile, I also talk to some students about my people, my school, my students and our life in China. With the help of the teachers and the students here, I learnt a lot these several months. I do think the teachers, students and people in Canton are very nice and friendly to me. I want to show my special thanks to Mrs. Ulrich, Mr. Jannone and his family, Mr. Wentzel, and Dzikowski. Though six months is not long, I'll remember the happy time I spend here. Canton, my American home town, I love you! CHS, my American mother school, I love you!

Thank you!

Michelle,
You're a real cool girl who's been my friend for a long time. Remember all the good times we had in grade school & high school. I'm sure we'll still have a lot more. Good luck in everything you do in and out of C.H.S. Just think - next year we'll be seniors - then well be out of there! Stay cool & hope we can always be friends even when we graduate. "88"

FOREIGN EXCHANGE STUDENTS

Hi! My name is Thomas, and I'm from a city called Porsgrunn in Norway. I came to the United States as an ASSE (American Scandinavian Student Exchange) student August 20, 1985. I didn't know much about Canton before I came so I was very excited to get here. The only big difference between United States and Norway is the food; everything else is very much the same. I have had a lot of fun this year. I've been here in Canton, and I also made a lot of new friends. I'm glad I came to Canton. I've lived in a big city all my life so I never thought about what it would be like to live in a small town, but it didn't take long to get used to it because the people in Canton are very nice and gave me all the help I needed. Being an exchange student is not easy; you're far from home and once in a while I felt lonely, but anyway it was an experience I'll remember the rest of my life. I'd like to especially thank my host family for taking care of me and being so nice, and also to all my friends and the teachers at Canton High School.

Hello! I'm Filippa Björkman. I'm from Sweden. My home town is Herrljunga. It is a small town like Canton. I decided to become an exchange student in the Fall of 1984. It was a real challange to me to come to the U.S. to learn a new language, different customs and culture and to get to know a lot of new friends. Everyone has really been nice to me and helped me to feel as one of them. I have been staying with Earl and Lou Ann Smith ever since I came in August 1985. They have been a real nice family to stay with. This year in Canton has been a great experience. I'm always going to remember this year with happiness. I want to thank everyone in Canton High School for being so nice to me. I'm really greatful to everyone.

Hi! My name is Max De Ycaza. I'm an AFS (American Field Service) exchange student. I come from Panama City, Panama. Panama is located in South America between Costa Rica and Colombia. The population of Panama is about two and a half millions of habitants. I arrived in Canton on August 16, 1986. I stay with Glen, Anita and Denise Evans who is my host family. I practiced different sports in the school. I formed part of the football and basketball teams where I had the opportunity to know new people. In the time in which I've here I had the opportunity to know different aspects or features of the U.S. culture. It has been a good challenge to me to come to the United States. First to live for almost one year far from your family, friends and second study in school where the language spoken is English. Not bad. But I'm glad that I made it through the year without too much complain. To finish and don't make too long this I will like to extend a special recognition to my host family, all the seniors, neighbors, and the school (teachers, principal, guidance office) that in one way or another made me feel comfortable, like home. So-long guys.

Don't worry Mona, you'll get it some day.

"I told her to bring her lunch."

"It will probably work better, Missy, if you plug it in."
